**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Freedom of choice in internet provides is the same as freedom of choice of information. The public paid for the creation of the internet and the laying of last-mile copper for telephone systems. It is necessary that the US doesn't end up with regional monopolies that control how the public accesses information.
